

Coronado Elementary School-Based Health Center

► School-Based Health Center: Who We Are

Our Mission is to develop a coordinated system of support services for all students in order to foster well-being and academic achievement.

The Coronado Elementary School-Based Health Center was founded during the 2015—16 school year as part of West Contra Costa Unified School District's Full Service Community School initiative. The health center supports students to meet the challenges in their lives and also works closely with faculty, administration, and parents to build a strong and positive culture to support school success for all students.

"At the health center they checked my teeth and told me it was going to be ok and they made me feel comfortable."

- Coronado Elementary Student

► Services Provided

Counseling & Crisis Support: Individual and group counseling, crisis assessment, are provided by the Y-Team (YMCA) and Bay Area Community Resources (BACR).

Coronado Elementary School-Based Health Center

► Student Impact

Students feel happy coming to the health center, they feel safe and comfortable seeking support. In addition, students are able to receive services with minimal classroom interruption, they are able to return to the classroom and continue with their academic learning.

"I like being [at the health center] because it's fun and I get to talk about things I need to improve."

-Coronado Elementary 6th Grader

"It's a safe place and I think everyone should go and get help if they are struggling with issues"

-Coronado Elementary 5th Grader
